## • EDUCATION

University WSB Merito Gdańsk  
2020 - 2023

Bachelor's degree in computer science

## ABOUT ME

At university I had Chancellor's Scholarship for 2 years for my accomplishments in education. Completed 2 commercial projects on my own.

## EXPERIENCE

### Aeronautical Analyst

Navblue, An Airbus Company

Apr 2024 - Current

- Comparing text and images in new aeronautical publications with existing records in database
- Updating records in accordance with structured procedures, as well as customer requirements
- Using instructions and raising queries with aerodata publications providers to clarify and resolve issues
- Suggesting software improvements based on my knowledge and experience

### React Frontend developer - Junior

WizCode

Jul 2022 - Jul 2023

- Created and maintained user interface for web application
- Developed responsive interactive technology for dynamic web pages such as menu buttons, online forms or secure payment view
- Build reusable components for future use
- Optimized components for maximum performance across a vast array of web-capable devices and browsers

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).

## • HOBBY

in my free time I love to spend a lot of time further practicing my frontend skill. Other than that I am aviation lover, photographing planes, following them or playing flight simulator on professional level.

- Worked closely with web designer and project manager to create strong and effective application
- Documenting application changes and developing updates.
- Worked with libraries like Leaflet and Headless UI
